Sir:

In complete response to the Official Action mailed December 4, 2002, and the Advisory Action dated April 24, 2003, please amend the above-captioned patent application as follows.

IN THE CLAIMS:

Please amend the following claims:

E1
21. (Twice Amended) A method for combating signs of cutaneous aging or aging of the hair follicles of an individual subject in need of such treatment, comprising topically applying thereon, for a period of time sufficient to lessen the signs of cutaneous aging or aging of the hair follicles, a composition consisting of (i) an effective amount of at least one glucosylated hydroxystilbene compound as the active principle, (ii) one or more
